Directors' report for the year ended 30 September 2020

The directors' present their annual report and the financial statements for the year ended 30 September 2020.

This report has been prepared in accordance with the special provisions of section 381 of the Companies Act 2006 relating to small companies. The directors have taken exemption under this regime not to disclose the strategic report.

Principal activity

The principal activity of the company is that of a holding company.

Business review

The loss after tax for the year was £9,364,000 (2019: loss after tax of £5,429,000). This loss arose from interest payable on inter-company loans.

The Company did not trade during the year. This situation is expected to continue in the future.

Going concern

The Company has net current liabilities of £1,315m (2019: £1,297m), loss for the year then ended of £9.4m, the financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reasons. The directors have prepared cash flow forecasts for a period of 12 months from the date of approval of these financial statements which indicate that the company will have sufficient funds to meet its liabilities as they fall due for that period.

Notwithstanding the current economic uncertainties arising from the COVID-19 outbreak, the financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reason. Compass Group PLC has indicated its intention to continue to make available funds as needed by the company for a period of twelve months from the date of approval of the financial statements. Consequently, the directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least twelve months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Dividends

The directors' do not recommend the payment of a dividend for the year (2019: £Nil).

Directors' of the Company

The directors of the Company who were in office during the year and up to the date of signing the financial statements are shown below:

S R Cenci

R J W Taylor (resigned 31 January 2020)

The following directors were appointed after the year end:
M O Thomas (Appointed 4th January 2021)

The following directors resigned after the year end:
A E Woodwark (Resigned 31st Decemeber 2020)

Disclosure of information to the auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Section 172(1) statement

Compass Group, UK and Ireland Limited (the Company)

Section 172 of the Companies Act 2006 requires a director of a company to act in the way he or she considers, in good faith, would most likely promote the success of the company for the benefit of its members as a whole. In doing this section 172 requires a director to have regard, amongst other matters, to the:

- likely consequences of any decisions in the long-term;
- interests of the company's employees;
- need to foster the company's business relationships with suppliers, customers and others;
- impact of the company's operations on the community and environment;
- desirability of the company maintaining a reputation for high standards of business conduct, and
- need to act fairly as between members of the company.

In discharging their duties under section 172 the directors have regard to both the factors set out above and others that may be considered relevant to the decisions being made. The directors acknowledge that every decision made will not necessarily result in a positive outcome for all of the Company's stakeholders. By considering the Company's purpose, vision and values together with its strategic priorities and having a process in place for decision-making, the directors aim to ensure that Board decisions are consistent and predictable.

Directors' report for the year ended 30 September 2020 (continued)**Section 172(1) statement (continued)**

As is normal for large companies, the Company's board (the Board) delegates authority for day-to-day management of the Company to executives and then engages management in setting, approving and overseeing execution of the business strategy and related policies. The executive committee, which comprises the directors of the Company, manages and oversees the UK and Ireland operation's health and safety, financial and operational performance and legal and regulatory compliance at regular meetings. It also reviews other areas over the course of the financial year including the business strategy; key risks; stakeholder-related matters; diversity and inclusivity; environmental matters; corporate responsibility; and governance, compliance and legal matters. This is done through the consideration and discussion of reports which are sent in advance of each executive committee meeting and through presentations to the directors as members.

The principal activity of the Company is to act as a holding company for other entities in Compass Group PLC's group (the Group).. As a parent holding entity for the Group's UK and Irish businesses, the directors consider the Company's key stakeholders as its workforce, customers, suppliers, JV partners and the local communities in which the UK and Ireland businesses operate. The views of and the impact of the Group's activities on those stakeholders are an important consideration for the directors when making relevant decisions. While there are cases where the Board itself judges that it should engage directly with certain stakeholder groups or on certain issues, the size and spread of both our stakeholders and the Group means that generally our stakeholder engagement best takes place at an operational or Group level. As well as being a more efficient and effective approach, the directors consider this also helps achieve a greater positive impact on environmental, social and other issues than by working alone as an individual company. For details on the stakeholder engagement at a Group level, please see pages 28 to 29 of the Compass Group PLC 2020 Annual Report (the ARA).

During the year the directors received information which assisted in promoting their understanding of the interests and views of the Company's key stakeholders and other relevant factors when making decisions. This information was distributed in a range of different formats including in reports and presentations on financial and operational performance, non-financial KPIs, risk, ESG matters and the outcomes of specific pieces of engagement. This facilitated a greater understanding of the nature of stakeholder concerns, and assisted the directors in complying with their section 172 duty to promote success of the company. Examples of how the directors have had regard to the matters set out in section 172(1)(a)-(f) when discharging their duties under section 172, and the effect of those decisions, are set out below:

As a direct result of the impact of COVID-19, in order to protect the long-term success of the Company, the Board considered a restructuring of the business. The objective of the restructuring was to generate cost savings during a period of increased economic stress on the Group. In contemplating restructuring plans, the Board received and considered information in relation to the potential impact on the workforce and key stakeholders in other areas. In considering the impact of the restructuring, the directors considered the needs of the stakeholders as a whole in securing the Company's long-term future, concluding that a restructuring of the business was in the best interests of the majority of stakeholders and would bring long-term benefits and security. In response to feedback received from the workforce, the Board also considered and approved actions designed to mitigate the impact of the redundancy programme. These included, for example, opportunities for re-training, relocation and assistance to members of the workforce seeking new employment, as well as a series of engagement activities with the remaining members of the workforce and local community to respond to their concerns about the restructuring.

In 2020, having monitored the development of the sector, the Board considered and approved the acquisition of Feedr Limited, a technology-based company. In reaching their decision the Board carefully considered the benefits that could be achieved for the Company, its employees, suppliers and customers from the technology solutions offered by the proposed acquisition. Following discussions about the proposed transaction, and in contemplation of the benefits to the Company and its stakeholders that could be achieved, the Board concluded that the acquisition supported the Company's strategy and would contribute to delivering the best results in the long-term both for the Company and its stakeholders.

Directors' report for the year ended 30 September 2020 (continued)

Section 172(1) statement

Employee Engagement

The Company does not have employees of its own, but is a parent company within a sub-group of the Group that has over 250 UK employees. The Company and the Group places importance on employee engagement, keeping employees regularly informed on matters of concern to them as employees, issues affecting their performance, and promoting a common awareness of the financial and economic factors affecting the performance of the Company. Feedback from employee engagement informs the directors' decision making processes, and those decisions taken and policies made on a wider Group basis. For further information on how the Group engages with employees globally see pages 28 to 29, 51 to 57, 84 to 86 and 157 to 158 of the ARA.

Business Relationships

As a holding company, the Company has limited engagement with external parties such as suppliers, clients, consumers and others. In the limited circumstances where the Company does interact with external business partners, in line with the Group's policies and procedures the directors promote and ensure the highest standards of ethical behaviour and probity in the Company's business dealings. For further information on how the Group fosters business relationships with its business partners see pages 28 and 29 of the ARA.

Approved by the Board on 25 June 2021 and signed on its behalf by:

.....
S J Sergeant
Director

Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors acknowledge their responsibilities for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and in the financial statements;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent Auditor's Report to the Members of Compass Group, UK and Ireland Limited

Opinion

We have audited the financial statements of Compass Group, UK and Ireland Limited (“the company”) for the year ended 30 September 2020 which comprise the Income Statement, Statement of comprehensive income, Balance Sheet, Statement of Changes in Equity and related notes, including the accounting policies in note 2.

In our opinion the financial statements:

- give a true and fair view of the state of the company’s affairs as at 30 September 2020 and of its loss for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 Reduced Disclosure Framework; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (“ISAs (UK)”) and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the company or to cease its operations, and as they have concluded that the company’s financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements (“the going concern period”).

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors’ conclusions, we considered the inherent risks to the company’s business model and analysed how those risks might affect the Company’s financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the Company will continue in operation.

Directors’ report

The directors are responsible for the directors’ report. Our opinion on the financial statements does not cover that report and we do not express an audit opinion thereon.

Our responsibility is to read the directors’ report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the directors’ report;
- in our opinion the information given in that report for the financial year is consistent with the financial statements; and
- in our opinion that report has been prepared in accordance with the Companies Act 2006.

Independent Auditor's Report to the Members of Compass Group, UK and Ireland Limited (continued)

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from the requirement to prepare a strategic report.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 7, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at: www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements for the year ended 30 September 2020

1. General information

Compass Group, UK and Ireland Limited ("the Company") is a private company limited by share capital, incorporated, domiciled and registered in England. The registered number is 02272248.

The address of its registered office is:

Parklands Court
24 Parklands
Birmingham Great Park
Rubery
Birmingham
B45 9PZ

2. Accounting policies

Basis of preparation

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

- Cash flow statement and related notes;
- Certain disclosures regarding revenue;
- Comparative period reconciliations for share capital;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- The effects of new but not yet effective IFRSs;
- Disclosure in respect of the compensation of Key Management Personnel; and
- Disclosure of transactions with a management entity that provides key management personnel services to the Company.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Basis of measurement

The financial statements have been prepared on a historical cost basis.

Notes to the financial statements for the year ended 30 September 2020 (continued)

2. Accounting policies (continued)

Going concern

The Company has net current liabilities of £1,315m (2019: £1,297m), loss for the year then ended of £9.4m, the financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reasons. The directors have prepared cash flow forecasts for a period of 12 months from the date of approval of these financial statements which indicate that the company will have sufficient funds to meet its liabilities as they fall due for that period.

Those forecasts are dependent on Compass Group PLC providing additional financial support during that period. The directors, having assessed the responses of the directors of the Company's parent, Compass Group PLC to their enquiries, have no reason to believe that a material uncertainty exists, which may cast significant doubt about the ability of Compass Group UK and Ireland Limited to continue as a going concern.

Notwithstanding the current economic uncertainties arising from the COVID-19 outbreak, the financial statements have been prepared on a going concern basis which the directors consider to be appropriate for the following reason. Compass Group PLC has indicated its intention to continue to make available funds as needed by the Company for a period of twelve months from the date of approval of the financial statements. Consequently, the directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least twelve months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Functional and presentation currency

These financial statements are presented in Sterling, which is the Company's functional currency. All financial information presented in Sterling has been rounded to the nearest thousand, except when otherwise indicated.

Use of estimates and judgements

The preparation of the financial statements in conformity with FRS101 requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The Board do not believe that there are any principal accounting estimates, assumptions and judgements employed in the preparation of these financial statements which could affect the carrying amounts of assets and liabilities at the balance sheet date.

Notes to the financial statements for the year ended 30 September 2020 (continued)

2. Accounting policies (continued)

Financial instruments

Non-derivative financial assets and liabilities

The Company initially recognises loans and receivables on the date that they are originated. All other financial assets (including assets designated as at fair value through profit or loss) are recognised initially on the trade date, which is the date that the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in such transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

The Company classifies non-derivative financial assets into the following categories: financial assets at fair value through profit or loss, held-to-maturity financial assets, loans and receivables and available-for-sale financial assets.

Financial assets at fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held for trading or is designated as such on initial recognition. Financial assets are designated as at fair value through profit or loss if the Company manages such investments and makes purchase and sale decisions based on their fair value in accordance with the Company's documented risk management or investment strategy. Attributable transaction costs are recognised in profit or loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein, which takes into account any dividend income, are recognised in profit or loss.

Investments in debt and equity securities

Investments are stated at amortised cost less impairment.

Investments in jointly controlled entities, associates and subsidiaries are carried at cost less impairment.

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

Loans and receivables comprise trade and other receivables.

Other financial liabilities comprise trade and other payables.

Notes to the financial statements for the year ended 30 September 2020 (continued)

2. Accounting policies (continued)

Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

Impairment excluding deferred tax assets

Financial assets (including trade and other debtors)

With respect to provisions for impairment of trade debtors, IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' model. From 1 October 2018, the Company measures provisions for impairment of trade debtors at an amount equal to lifetime expected credit losses. In determining credit risk, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience, and forward looking information. The Group considers the model and the assumptions used in calculating these expected credit losses as sources of estimation uncertainty.

As a result, the carrying values of trade debtors are now reduced by the estimated future credit losses at the date of initial recognition and going forward where previously credit losses were not recognised on such assets until there was an indicator of impairment, such as a payment default.

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Expenses

Financing income and expenses

Financing expenses comprise interest payable. Interest income and interest payable is recognised in profit or loss as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established.

Notes to the financial statements for the year ended 30 September 2020 (continued)**2. Accounting policies (continued)****Change in accounting policy**

The company has adopted the following IFRSs in these financial statements:

- Annual Improvements to IFRS Standards 2014-2016 Cycle. The implementation of this had no significant impact on the accounts;
- IFRS 15: Revenue from Contract with Customers. The implementation of this had no significant impact on the accounts;
- IFRS 9: Financial Instruments. The implementation of this had no significant impact on the accounts.

3. Operating loss

The audit fee payable to the Company's auditor for the audit of the company's accounts of £2,947 (2019: £2,947) was borne by another group company.

4. Employee information

The average number of persons employed by the Company (including directors) during the year, analysed by category was as follows:

	2020	2019
	No.	No.
Directors	18	19

5. Directors' remuneration

	2020	2019
	£000	£000
Salaries and taxable benefits	2,933	2,746
Pension contributions	107	110
Remuneration of highest paid director	803	360
	2020	2019
	No.	No.
No of directors who are members of a defined benefit scheme	-	-

The accrued pension benefit of the highest paid director was £nil (2019: £Nil) per annum.

Directors' emoluments are borne by Compass Contract Services (UK) Limited but are disclosed in this company, since it is the parent company of the group companies through whom the directors' emoluments are paid. Directors' emoluments are paid for services to a number of group companies.

Notes to the financial statements for the year ended 30 September 2020 (continued)**6. Income tax**

Tax (credited) in the income statement

	2020	2019
	£000	£000
Current taxation		
UK corporation tax on loss of the year	(1,419)	(1,483)
UK corporation tax adjustment to prior periods	(41)	52
Tax receipt in the income statement	<u>(1,460)</u>	<u>(1,431)</u>

The tax assessed for the period is lower (2019: higher) than the standard effective rate of corporation tax in the UK for the year ended 30 September 2020 of 19% (2019: 19%). The differences are explained below:

	2020	2019
	£000	£000
Loss before tax	<u>(10,824)</u>	<u>(6,860)</u>
Corporation tax at standard rate	(2,057)	(1,303)
Non deductible impairment of investment	-	-
Permanent timing differences	974	115
Adjustment required under transfer pricing regulations	(336)	(295)
Adjustments in respect of prior periods	(41)	52
Total tax credit	<u>(1,460)</u>	<u>(1,431)</u>

A reduction in the UK corporation tax rate from 19% to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. The March 2020 Budget announced that a rate of 19% would continue to apply with effect from 1 April 2020, and this change was substantively enacted on 17 March 2020. This will increase the Company's future current tax charge accordingly.

* indicates direct investment of Compass Group UK and Ireland Limited.

In the opinion of the directors, the investments in subsidiaries are worth not less than the amounts shown above.

The Company test the fixed asset investments annually for impairment. The recoverable amount of the fixed asset investment is determined from value in use calculations. The value in use is based on a 50 year time period discounted at the group weighted average cost of capital rate of 6.7%.

Cash flow projections for the 3 years following the year ended 30 September 2020 include a 2% growth based on recent forecasts considering market conditions and expected contract gains. Long-term cash flow projections are based on constant growth of 2%. The directors believe that the use of this growth rate as a basis for long-term projections is reasonable given current forecasted expectations and is sufficient to account for long-term sensitivities.

9. Debtors

	2020	2019
	£000	£000
Amounts owed by other group companies	75,146	83,796
Corporation tax	1,460	1,431
	<u>76,606</u>	<u>85,227</u>

The amounts owed by other group companies relate to entities in the Compass Group and are repayable on demand.

10. Creditors: Amounts falling due within one year

	2020	2019
	£000	£000
Deferred consideration for Feedr	1,515	-
Deferred tax liability	223	-
Accrued expenses	737	-
Amounts owed to group undertakings	1,389,713	1,382,473

Notes to the financial statements for the year ended 30 September 2020 (continued)

12. Commitments

There were no capital commitments at the end of the financial year and no provision has been made (2019: £Nil).

13. Pensions

Within the UK there are now three main arrangements: the Compass Retirement Income Savings Plan ('CRISP'), the Compass Group Pension Plan, ('the Plan') and the National Employment Savings Trust (NEST). CRISP was launched on 1 February 2003. This has been the main vehicle for pension provision for new joiners in the UK since that date but existing members of the Plan had continued to accrue benefits under those arrangements up until 5 April 2010. CRISP is a contracted-in money purchase arrangement whereby the Group will match employee contributions up to 6% of pay (minimum 5%). Within CRISP a new defined contribution section was established from April 2006 known as the Compass Higher Income Plan (CHIP). Senior employees who contribute to CRISP will receive an additional employer-only contribution into CHIP. The amount of contribution and eligibility for CHIP are decided annually at the Company's discretion. The payment towards CHIP may be taken in part, or in whole, as a cash supplement instead of a pension contribution.

CRISP has a corporate trustee. The Chairman is a former employee of the Group. The other five trustee directors are UK based employees of the Group, three of whom have been nominated by CRISP members.

The Plan is a defined benefit arrangement. Those UK employees who transfer from the public sector under the Transfer of Undertakings (Protection of Employment) Regulations 2006, typically up until 31 March 2015, have been eligible to join the Plan, which has otherwise been closed to new entrants since 2003. Such transferees entered into the GAD sections of the Plan and are known as 'GAD members'. However, under the Government's revised guidance for 'Fair Deal for staff pensions', the expectation is and therefore the approach has been that the Group participates in the relevant public-sector pension scheme and closes the Plan to future entrants. The Plan closed to future accrual for all existing members, other than GAD members, on 5 April 2010. The affected members were offered membership of CRISP from 6 April 2010.

The Plan is operated on a pre-funded basis. The funding policy is to contribute such variable amounts, on the advice of the actuary, as achieves a 100% funding level on a projected salary basis. The actuarial assessments covering expense and contributions are carried out by independent qualified actuaries. A formal actuarial valuation of the Plan is carried out every three years. The most recent valuation of the Plan took place as at 5 April 2019. At the valuation date the total market value of the assets of the Plan was £2,563 million which represented 106% of the benefits that had accrued to members after allowing for expected future increases in earnings.

As the Compass Group Pension Plan has members that are employed by more than one legal entity the directors do not consider that it is practical to provide the information individually for Quadrant Catering Limited. As the assets and liabilities are not separately identifiable, the pension scheme is accounted for as a defined contribution scheme.

By agreement with the trustees, the Company is no longer funding any deficit. The next triennial valuation is due to be completed as at 5 April 2022. The Plan is reappraised annually by independent actuaries in accordance with IAS 19 'Employee benefits' requirements.

The Plan has a corporate trustee. There is an independent chairman and one other independent trustee director. There are a further five trustee directors, who are either UK based employees or former employees of the Group (three of whom have been nominated by Plan members).

The Company became subject to the Pensions Automatic Enrolment Regulations for its workforce in the UK. Both the Plan and CRISP are compliant arrangements under these Regulations and have been registered as such.

All new UK employees who meet the statutory eligibility criteria, and are not already in one of these registered compliant arrangements, are automatically enrolled into the National Employment Savings Trust (NEST). The Company considers that NEST provides the right type of service, communication material and investment choice for our employees and that it has the capabilities to support a company as large and diverse as Compass.

Notes to the financial statements for the year ended 30 September 2020 (continued)**13. Pensions (continued)**

The UK Plan has to provide a minimum benefit for service known as Guaranteed Minimum Pension (GMP) which, as a result of statutory rules, is calculated differently for men and women. Although equal treatment in pension provision for males and females is required, there has been uncertainty on whether and how pension schemes should equalise GMPs in practice. In line with most other UK pension schemes, the UK Plan has not yet equalised GMPs, nor has the Group historically recorded an obligation for such equalisation on the balance sheet.

A judgement on the Lloyds Banking Group High Court hearing on GMP equalisation was published on 26 October 2018. The judgement indicates that pension trustees need to amend scheme benefits to equalise for the effect of unequal GMPs and indicates an acceptable range of methods for how to do so.

This recent judgement therefore creates an obligation to equalise for all schemes that provide GMPs, including the UK Plan. Based on the actuarial advice past service costs of £12 million have been recognised in the income statement.

The contributions payable for defined contribution schemes of £13,864,638 (2019: £14,200,062) have been fully expensed against profits in the current year.

Compass group pension plan

Other than where required by local regulation or statute, the defined benefit schemes are closed to new entrants. For these schemes the current service cost will increase under the projected unit credit method as the members of the schemes approach retirement.

The company made contributions to the Plan of £1.4m in the year (2019: £1.2m).

Disclosures showing the assets and liabilities of the Plan are set out below. These have been calculated using the following assumptions:

	30 September 2020 %	30 September 2019 %
Discount rate	1.65	1.80
Inflation	3.20	3.30
CPI inflation assumption	2.20	2.30
Rates of increase of salaries	3.20	3.30
Rates of increase of pensions in payment	3.10	3.20
Rates of increase for deferred pensions	<u>2.70</u>	<u>2.80</u>

The mortality assumptions used to value the current year UK pension schemes are derived from the S3PA generational mortality tables (2019: S3PA generational mortality tables) with improvements in line with the projection model prepared by the 2019 Continuous Mortality Investigation of the UK actuarial profession (2019: 2018 model), with an S-kappa of 7.5, with 115% weighting for male non-pensioners, 111% for male pensioners (2019: 115% weighting for male non-pensioners, 111% for male pensioners) and 102% weighting for all females (2019: 102% weighting for all females), with a long term underpin of 1.5% p.a. (2019: 1.5% p.a.). These mortality assumptions take account of experience to date and assumptions for further improvements in the life expectancy of scheme members. The Company estimates the average duration of the UK plans' liabilities to be 18 years (2019: 18 years).

Notes to the financial statements for the year ended 30 September 2020 (continued)**13. Pensions (continued)****Compass group pension plan (continued)**

Examples of the resulting life expectancies for the UK Plan are as follows:

	30 September 2020 Year	30 September 2019 Year
Current UK pensioners at retirement age - male	21.50	21.50
Current UK pensioners at retirement age - female	24.00	24.00
Future UK pensioners at retirement age - male	23.40	24.40
Future UK pensioners at retirement age - female	<u>26.60</u>	<u>26.50</u>

The other demographic assumptions have been set having regard to the latest trends in scheme experience and other relevant data. The assumptions are reviewed and updated as necessary as part of the periodic actuarial valuation of pension schemes.

Sensitivity of principle assumptions

Measurement of defined benefit obligations is particularly sensitive to changes in key assumptions, including discount rate, life expectancy and inflation. The sensitivities of the principal assumptions used to measure the defined benefit obligations of the schemes are set out below:

	Change in assumption	Impact on deficit 2020	Impact on deficit 2019
Discount rate	Increase by 0.5%	Decrease by £209m	Decrease by £212m
	Decrease by 0.5%	Increase by £226m	Increase by £227m
Inflation	Increase by 0.5%	Increase by £126m	Increase by £139m
	Decrease by 0.5%	Decrease by £120m	Decrease by £117m
CPI Inflation	Increase by 0.5%	Increase by £31m	Increase by £31m
	Decrease by 0.5%	Decrease by £28m	Decrease by £26m
Life expectations from age 65	Increase by 1 year	Increase by £110m	Increase by £105m
Life expectations - annual improvement	Increase by 1.5 per annum	Increase by £38m	Increase by £38m

The sensitivities above consider the impact of the single change shown, with the other assumptions assumed to be unchanged. The sensitivity analyses have been determined based on a method that extrapolates the impact on the defined benefit obligations as a result of reasonable changes in key assumptions occurring at the end of the reporting period. In practice, changes in one assumption may be accompanied by offsetting changes in another assumption (although this is not always the case). The impact of a change in the UK inflation rate shown above includes the impact of a change in both the RPI and CPI inflation rates.

Analysis of fair value of plan assets

At 30 September 2020, the assets of the various schemes were invested in a diversified portfolio that consisted primarily of debt securities. The fair value of these assets is shown below by major category:

	30 September 2020 £000	30 September 2019 £000
Global equities quoted	134,724	146,603
UK fixed interest quoted	746,163	577,694
UK index link quoted	1,273,289	1,346,666
Corporate bonds quoted	470,499	551,170
Property funds quoted	194,572	196,992
Cash and cash equivalents	8,763	8,560
	<u>2,828,010</u>	<u>2,827,685</u>

Notes to the financial statements for the year ended 30 September 2020 (continued)**13. Pensions (continued)**

The UK Plan has substantial holdings of diversified global equity type investments, mainly shares in listed companies. The return on these investments is variable, and they are generally considered to be 'riskier' investments. However, it is generally accepted that the yield on these investments will contain a premium to compensate investors for this additional risk. There is significant uncertainty about the likely size of this risk premium. In respect of investments held in global equities there is also a risk of unfavourable currency movements. The trustee manages these risks by holding approximately 50% of those investments in funds which are hedged against currency movements.

The trustee also holds corporate bonds and other fixed interest securities. The risk of default on these is assessed by various rating agencies. Some of these bond investments are issued by HM Government. The risk of default on these is lower compared to the risk on corporate bond investments, although some risk may remain. The expected yield on bond investments with fixed interest rates can be derived exactly from their market value.

Movements in the fair value of plan assets

	30 September 2020 £000	30 September 2019 £000
At 1 October	2,827,685	2,425,653
Interest income	50,111	69,017
Return on plan assets, excluding amounts included in interest income/(expense)	37,726	424,533
Employee contributions	114	124
Employer contributions	1,385	1,197
Benefits paid	(85,440)	(92,376)
Administrative expenses paid from plan assets	(3,571)	(463)
At 30 September	<u>2,828,010</u>	<u>2,827,685</u>

Movements in the present value of defined benefit obligations

	30 September 2020 £000	30 September 2019 £000
At 1 October	2,380,273	2,079,161
Current service cost	1,463	1,339
Past service cost	-	12,323

Benefits paid	(85,440)	(92,376)
At 30 September	<u>2,386,859</u>	<u>2,380,273</u>

Reconciliation of scheme assets and liabilities to assets and liabilities recognised

	30 September 2020 £000	30 September 2019 £000
The amounts recognised in the statement of financial position are as follows:		
Fair value of scheme assets	(2,828,010)	(2,827,685)
Present value of scheme liabilities	2,386,859	2,380,273
Defined benefit pension scheme deficit	<u>(441,151)</u>	<u>(447,412)</u>

Notes to the financial statements for the year ended 30 September 2020 (continued)**14. Contingent liabilities**

The Company, in the normal course of business, has entered into performance bonds in relation to a number of its contracts. Where the company enters into such arrangements it does so in order to provide assurance to the beneficiary that it will fulfil its existing contractual obligations.

	2020	2019
	£000	£000
Performance bonds have been taken out to the extent of	11,535	4,687

15. Related party transactions

As a wholly owned subsidiary, the Company is exempt from disclosure of transactions with group undertakings under FRS 101.

16. Parent and ultimate parent undertaking

The Company's immediate parent undertaking's is Compass Group Holdings Limited.

The ultimate parent and controlling party is Compass Group PLC. This is the largest and smallest group into which the Company is consolidated.

The only group of undertakings for which group accounts are drawn up and of which the Company is a member is Compass Group PLC. Copies of the group accounts referred to above can be obtained from Companies House, Crown Way, Cardiff, CF14 3UZ.
